## ATTESTATION

We undersigned LABORATOIRES SARBEC attest that **MEDIWIPEs DM Products** (formula 998077) are suitable for the cleaning and disinfection of incubator surfaces under the following use conditions:

- Application on Plexiglas walls
- Without the presence of babies
- In accordance with the existing hygiene protocol of the health care institution
- Contrary to what is said on the Products' instructions for use, rinsing with sterile water is recommended to avoid the presence of any residues on incubator surfaces.

Written in Neuville-en-Ferrain, the 1<sup>st</sup> of September 2014,

Jennifer Gueneau

Regulatory Affairs Manager
