

EC Certificate - Full Quality Assurance System

Directive 93/42/EEC on Medical Devices, Annex II excluding Section 4

No.**CE 566541****Issued To:**

Davol, Inc.
Subsidiary of C.R. Bard, Inc.
100 Crossings Boulevard
Warwick
Rhode Island
02886
USA

In respect of:

The design, development and manufacture of fully absorbable, partially absorbable, and non-absorbable synthetic meshes and porcine collagen meshes for soft tissue repair and reconstruction, with or without mesh positioning system; absorbable and non-absorbable fixation devices for mesh fixation and soft tissue approximation; bovine collagen haemostasis devices and associated delivery system; absorbable polysaccharide based clotting beads and associated manual applicators for interoperative surgical applications. Those aspects of Annex II related to securing and maintaining sterility in the manufacture of inflation assembly sets.

on the basis of our examination of the quality assurance system under the requirements of Council Directive 93/42/EEC, Annex II excluding section 4. The quality assurance system meets the requirements of the directive. For the placing on the market of class III products an Annex II section 4 certificate is required.

For and on behalf of BSI, a Notified Body for the above Directive (Notified Body Number 2797):

Gary E Slack, Senior Vice President Medical Devices

First Issued: **2010-11-05**

Date: **2021-02-05**

Expiry Date: **2024-05-26**

...making excellence a habit.™

Page 1 of 3

Validity of this certificate is conditional on the quality system being maintained to the requirements of the Directive as demonstrated through the required surveillance activities of the Notified Body. This approval excludes all products designed and/or manufactured by a third party on behalf of the company named on this certificate, unless specifically agreed with BSI.

This certificate was issued electronically and is bound by the conditions of the contract.
