Apps

Baha Smart App

The Baha Smart App makes it possible to control and monitor the Baha 6 Max Sound Processor directly from the recipient's iPhone, Apple Watch or Android smartphone.

The app also provides functionality for personal customisation of sound and the ability to locate a lost sound processor.

The Baha Smart App is available on App Store and Google Play and may not be available in all countries.

For compatibility information visit www.cochlear.com/compatibility

For further support, visit www.bahasmartapp.com

Compatible with:

- Baha 6 Max Sound Processor

Baha Smart

P1646054

Baha Smart App iOS Version

Available for download via App Store

P1646035

Baha Smart App Android Version

Hear now. And always

As the global leader in implantable hearing solutions, Cochlear is dedicated to helping people with moderate to profound hearing loss experience a life full of hearing. We have provided more than 600,000 implantable devices, helping people of all ages to hear and connect with life's opportunities.

We aim to give people the best lifelong hearing experience and access to innovative future technologies. We collaborate with leading clinical, research and support networks.

That's why more people choose Cochlear than any other hearing implant company.
