

An architectural rendering of a modern park shelter. The structure features a light-colored wooden frame and a large, vertical living wall made of dense, brown foliage. A person in a wheelchair is seated on a wooden bench in front of the shelter. A bicycle is parked in a black metal rack next to the bench. A woman stands to the left of the shelter, looking at a device. The shelter is situated on a paved area with a grassy lawn and trees in the background. The sky is blue with some clouds. The text "WIZUALIZACJA" is visible in the top right corner.
