Legend

- Proposed Pipeline
- Existing Pipeline
- Proposed Valve
- Existing Valve
- Proposed Fitting
- Existing Fitting
- Proposed Tie-In
- Existing Tie-In
- Proposed Pig Launcher
- Existing Pig Launcher
- Proposed Pig Receiver
- Existing Pig Receiver
- Proposed Meter Station
- Existing Meter Station
- Proposed Regulator Station
- Existing Regulator Station
- Proposed Compressor Station
- Existing Compressor Station
- Proposed Dehydration Station
- Existing Dehydration Station
- Proposed Heater Station
- Existing Heater Station
- Proposed Pressure Reducing Station
- Existing Pressure Reducing Station
- Proposed Pressure Regulating Station
- Existing Pressure Regulating Station
- Proposed Pressure Control Station
- Existing Pressure Control Station
- Proposed Pressure Monitoring Station
- Existing Pressure Monitoring Station
- Proposed Pressure Relief Station
- Existing Pressure Relief Station
- Proposed Pressure Safety Station
- Existing Pressure Safety Station
- Proposed Pressure Shutdown Station
- Existing Pressure Shutdown Station
- Proposed Pressure Test Station
- Existing Pressure Test Station
- Proposed Pressure Vessel
- Existing Pressure Vessel
- Proposed Pressure Vessel Station
- Existing Pressure Vessel Station
- Proposed Pressure Vessel Valve
- Existing Pressure Vessel Valve
- Proposed Pressure Vessel Fitting
- Existing Pressure Vessel Fitting
- Proposed Pressure Vessel Tie-In
- Existing Pressure Vessel Tie-In
- Proposed Pressure Vessel Pig Launcher
- Existing Pressure Vessel Pig Launcher
- Proposed Pressure Vessel Pig Receiver
- Existing Pressure Vessel Pig Receiver
- Proposed Pressure Vessel Meter Station
- Existing Pressure Vessel Meter Station
- Proposed Pressure Vessel Regulator Station
- Existing Pressure Vessel Regulator Station
- Proposed Pressure Vessel Compressor Station
- Existing Pressure Vessel Compressor Station
- Proposed Pressure Vessel Dehydration Station
- Existing Pressure Vessel Dehydration Station
- Proposed Pressure Vessel Heater Station
- Existing Pressure Vessel Heater Station
- Proposed Pressure Vessel Pressure Reducing Station
- Existing Pressure Vessel Pressure Reducing Station
- Proposed Pressure Vessel Pressure Regulating Station
- Existing Pressure Vessel Pressure Regulating Station
- Proposed Pressure Vessel Pressure Control Station
- Existing Pressure Vessel Pressure Control Station
- Proposed Pressure Vessel Pressure Monitoring Station
- Existing Pressure Vessel Pressure Monitoring Station
- Proposed Pressure Vessel Pressure Relief Station
- Existing Pressure Vessel Pressure Relief Station
- Proposed Pressure Vessel Pressure Safety Station
- Existing Pressure Vessel Pressure Safety Station
- Proposed Pressure Vessel Pressure Shutdown Station
- Existing Pressure Vessel Pressure Shutdown Station
- Proposed Pressure Vessel Pressure Test Station
- Existing Pressure Vessel Pressure Test Station

Prepared by:
Engineering Department
Pipeline Division
Address: 123 Main Street, Anytown, USA
Phone: (555) 123-4567
Email: engineering@pipeline.com

Project: Pipeline Expansion Project
Date: 2023-10-15
Revision: 1.0

This drawing is the property of the Pipeline Division. It is not to be used for any other purpose without the written permission of the Pipeline Division.
