

November 30, 2023

EC Certificate (CE) 5-859-200-1812

Expiry date: **12-31-2028**

To Whom it may concern.

Europe's Medical Device Directive (MDD) is transitioning to a Medical Device Regulation (MDR). Due to the COVID-19 pandemic, the European Authority has extended the transition deadline of all class IIb EC Certificates -valid and in full compliance as of March 15, 2023- to December 31, 2028.

During this transition period the European Authority has required all Notified Bodies to stop issuing new MDD EC certificates. New EC certificates will only be issued under the new MDR regulation once the transition period for a particular manufacturer has ended.

According to (EU) 2023/607 amending Regulation (EU)2017/745, under Council Directive 93/42/EEC (MDD-Directive Certificates), the legal requirements of extension of validity -required by Article 120.2 of the Regulation (EU) 2017/745- are met by the Legal Manufacturer "*Oculus Technologies of Mexico*".

I therefore confirm that *CE Certificate 5-859-200-1812* is valid until December 31, 2028.

Sincerely,

Sonoma Pharmaceuticals, Inc.
