

Figure 1: A cross-section diagram of a road and drainage system. The diagram shows a road surface with a 3.0% slope, a drainage ditch with a 6.0% slope, and a 1.5% slope for the road shoulder. The road width is 30.20, the ditch width is 30.25, and the ditch depth is 30.39. The diagram is labeled with 'Figure 1' and 'Figure 2'.
