

This architectural drawing shows a section of a building facade. The main wall is rendered in a red brick pattern. It features a series of arched windows arranged in a grid. A central entrance with a large arched doorway is visible at the bottom. The drawing is flanked by vertical lines and the text 'SASIEDNI BUDYNEK' (Adjacent Building) on both sides, indicating its position relative to neighboring structures. The top of the drawing shows a roofline with a pattern of orange wavy lines.

The drawing shows a two-story building facade. The lower story is constructed of red brick and features a central arched entrance and several rectangular windows with decorative lintels. The upper story has a light-colored, wavy-patterned facade and contains several rectangular windows. The building is flanked by adjacent structures, labeled 'SASIEDNI BUDYNEK' on both sides.
