

Statement on recommended Disposables for CT ExprèsTM 4D Contrast Media Delivery System

Bracco Injeneering hereby declares that the CT ExprèsTM 4D Contrast Media Delivery System must only be used specifically with accessories and consumables approved by Bracco and in accordance with the technical specifications of Bracco's Operator Manual/ User Guide and any other Manufacturer supplied information. This as explained in the attached position statement and with the specific disposables listed below for the non-US market.

Disposable Kits	Bracco Injeneering reference
Bottle Spike Type A	640058
Bottle Spike Type B	640059
Note: this type B is very specific to few national markets	
Day Set III HP	640060
Multi Patient Set	640061
Patient Line	640063
Patient Set	640057

All testing and validations to comply with the Essential Requirements of 93/42/EEC Directive regarding safety, performance and compatibility between components have been performed with the disposables listed above.

Bracco cannot guarantee the quality, safety, reliability or functionality of its CT ExprèsTM 4D Contrast Media Delivery System when used with non Bracco-approved accessories and consumables and only recommends Bracco-approved accessories and consumables for use with its System.

We thank you for respecting our position.

Yours faithfully,

Maud Giorgi
Senior Regulatory Affairs Manager
maud.giorgi@bracco.com
